

SXX Upgrade Program. For Immediate Release: September 10, 2012

SXX Mod & Stock Upgrade!

For a limited time, Team Associated is offering a free lower logic board upgrade for all LRP SXX Version 1 and SXX Version 2 speed controls.

Not only does this logic board feature a new robust BEC, LRP also redesigned the rest of the board to further improve function and performance. The 125% faster microcontroller and new firmware allow you to turn your existing SXX into a versatile speed control that can be used for both Mod and Stock racing classes, pushing your existing SXX speed control into a whole new dimension!

Terms of the Upgrade Program:

- Upgrade valid on SXX or SXX Version 2 speed controls (LRP80900 SXX Comp, LRP80905 SXX Comp V2, LRP80910 SXX Stock Spec, LRP80915 SXX Stock Spec V2, LRP80950 SXX TC-Spec, LRP80955 SXX TC-Spec V2)
- Use only a shipper providing a tracking service* (UPS or Fed Ex).
- Program offered through December 10, 2012.
- Only valid for customers in North America.
